

CRUISE Elegance Marine Refrigerators

The ultimate combination of style and technology

The Isotherm logo, consisting of the word 'isotherm' in blue lowercase letters with a red underline.

The CRUISE Elegance Marine refrigerators are available in four sizes starting with 49 up to 130 litres capacity. They convince with their infinite design opportunities as the door panel and the handle can be easily customized according to the customer's expectations. The result: a completely in line interior boat design. Choose from several door fronts: silver as standard, white, black, teak, wenge and white oak as options. Full custom design available on request (ex. carbon look).

All CRUISE Elegance fridges are ready for the installation of Isotherm Smart Energy Control, (the location of the sensor is pre-configured in the cabinet), a revolutionary energy saving control system that allows savings up to 50 percent*. This adds up to the already low power consumption of these highly insulated fridges.

- Customizable door panel and handle
- Modern look fitting latest kitchen designs
- Isotherm Smart Energy Control ready
- Innovative Vent-lock system
- Easy fit installation solutions
- Extra-thick insulation for low power consumption
- Reliability: Danfoss / Secop compressors

Technical specifications

Type	Volume (l)	Dimensions H x W x D (mm)	Available with Isotherm Smart Energy Control	Weight (kg)	Power consumption* (W/24 hours) ¹	Danfoss/Secop compressor type	Freezer - 6°C/21°F Volume in l
CR 49 EL	49	520 x 381 x 450 ²	▪	16	265	BD35F	4
CR 65 EL	65	527 x 448 x 480 ²	▪	17	275	BD35F	4
CR 85 EL	85	620 x 477 x 505 ²	▪	21	368	BD35F	6
CR 130 EL	130	746 x 528 x 505 ²	▪	25	418	BD35F	6

Note: All CRUISE Elegance are Smart Energy Control ready. AC/DC versions as option.

¹ without Isotherm Smart Energy Control

² +50 mm door's depth

*Power consumption W/24 h in operation on 12 Volt with +5°C in the refrigeration space, ambient temperature +25°C according to the Standards ISO 15502:2005 and EN 153:2006

Innovative Vent-lock system:

A special feature of the CRUISE Elegance fridges is the innovative Vent-lock system preventing the formation of mold while the fridge is out of operation. The simple, invisible mechanism is located in the door.

Easy fit system for frameless installations:

All CRUISE Elegance fridges are especially convenient to install thanks to their easy-fit installation solution. The new fixation system allows an easy fix of the cabinet directly from the interior of the fridge. An innovative internal bushing structure prevents the crushing of the insulated side wall. Outer frames are available as an option.
