

WP-WL & WP-WGS

Datasheet

Whisper Power • Cooling water/exhaust gas separator

The Whisper Power WP-WL & WP-WGS parts are made of a polyethylene material nonflammable and can be up to certain high temperatures. This is important because in case of malfunctions, wherein the cooling water is blocked, the exhaust parts can stand the dry uncooled exhaust gases and therefore for a limited time, without this resulting in leaks. During this period should intervene the security system and stop the generator motor or alert the captain, so that he can stop the propulsion engine.

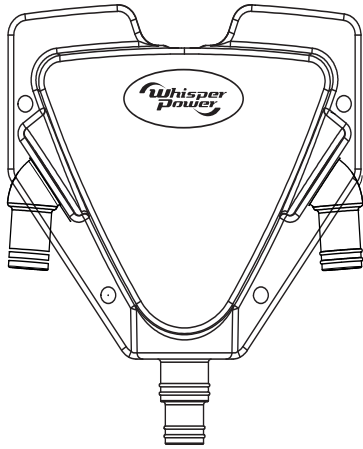

Although the WP-WL & WP-WGS parts can withstand a much higher temperature a wet exhaust system should not exceed a continuous temperature of 70° Celsius (158° F).

WATER/GAS SEPARATOR	WP-WGS 40/40/40MM	WP-WGS 51/40/51MM
		402300877
MAIN SPECIFICATIONS		
Hose connection size	40-40-40mm (1/5/8" - 1/5/8" - 1/5/8")	51-40-51mm (2" - 1 5/8" 2")
Type of connectors	2x bend, 1x straight	2x bend, 1x straight
Material hose connectors	PE + SST 316	PE + SST 316
Material body	PE	PE
For Whisper genverter models	Piccolo	M-GV15
For 3000 rpm Whisper models	M-SC 3,5 / 6 / 8 / 10 / 11	
Voor 1500 rpm Whisper generatoren	M-SQ 6 / 7	M-SQ 8 / 9,5 / 10 / 11 / 12 / 15 / 16
Max. continuous operating temperature	70° Celsius	70° Celsius
Dimensions WxDxH (incl. fittings)*	375x169x417mm	375x169x417mm
Weight	5.2 kg	5.2 kg

WATERLOCK	WP-WL 40MM	WP-WL 51MM
		40230083
MAIN SPECIFICATIONS		
Hose connection size	40-40mm (1 5/8")	51-51mm (2")
Type of connectors	1x bocht, 1x recht	1x bocht, 1x recht
Drainplug	PE	PE
Material hose connectors	PE + SST 316	PE + SST 316
Material body	PE	PE
For Whisper genverter models	M-GV4 / 8 / 10 / Piccolo	M-GV15
For 3000 rpm Whisper models	W-SC 3,5 / 6 / 8 / 10 / 11	
For 1500 rpm Whisper models	W-SQ 6 / 7	W-SQ 8 / 9,5 / 10 / 11 / 12 / 15 / 16
Max. continuous operating temperature	70° Celsius	70° Celsius
Dimensions WxDxH (incl. fittings)*	310x210x310mm	310x210x310mm
Watercontent Waterlock	4 liter	4 liter
Weight	3.5 kg	3.5 kg
