

SM-18R

“ Seaview products offer a full range of standard and custom mounting solutions for the growing market of radar, telecommunication & vision related marine products. Seaview products offer optimal positioning of all radar & satdome models. This ensures maximum performance & safety from the electronics while providing a durable, attractive addition to any vessel.

As always, our primary goal is to provide our customers with quality products, innovative solutions & a level of customer service second to none. Thank you for your business.

”

Improved Features

Radar Dome Adjustability

- Fore & aft slots for dome adjustability. The radar dome can adjust to fit tight to the mast. Fits 18" - 20.5" Garmin, Raymarine & BR24 Broadband domes.

Optional Accessories

- The bottom of the new SM-18-R has the option for a simple adapter to mount accessories such as floodlight or a horn.

*Shown with Raymarine M95435

Easier Installation

- New feet (heavy duty & strong as they ever have been) with extended tabs for ease of installation. The mast mount assembly does not have to come apart to be installed.

Improved Look

- Solid underbelly of the mast mount for improved look & added strength. Hides cables!

*Shown with optional SMG-18U stainless steel guard (sold separately)

Stainless Steel guard available to further protect your investment. (Part #SMG-18U)
